ABSTRACT

Comprised mainly of tabular data, this annual report on American Indian education in Eastern Oklahoma presents statistics, a brief narrative highlighting the year's accomplishments, and an appendix. The statistical information includes the following: (1) Johnson O'Malley (JOM) assisted graduates and dropouts, Indian enrollment, and total JOM enrollment; (2) enrollment and average daily attendance for 1973-74 by county, school district, and school for Indian students and all students; (3) JOM funds spent during 1974-75 by county (special programs, parental costs, and totals); (4) expenditures of contract funds for administration and supervision; (5) allocation of K-12 contract funds for special programs and parental cost items during 1974-75 by county and school; (6) additional allocations and expenses for special programs during 1974-75. The appendices present the following: the Indian Public School Contract; Modification 1 of the contract negotiated between the Bureau of Indian Affairs and the Oklahoma Department of Education; the operational budget for Oklahoma's Division of Indian Education; the Eastern Oklahoma Educational Plan; the JOM dropout report for 1974-75; the JOM enrollment and attendance report for 1974-75 by county and district; and the Tribal Table for 1974-75. COVER

The cover illustration represents the emblem in the center of the Oklahoma State Flag, which is an Osage Warrior's buckskin shield, decorated with pendant eagle feathers. Across the face of the shield runs the red man's calumet, or pipe of peace symbol, and the olive branch. The shield implies defensive or protective warfare. The small crosses on the shield are the Indian's graphic sign for stars which indicate lofty ideals or a purpose for high endeavor. The important symbols, however, are the calumet and the olive branch. These override the shield, the symbol of war, and represent a predominate love of peace by a united people and the union of the Indian Territory and Oklahoma Territory into the one great State of Oklahoma.

FOREWORD

The Indian Education Program in Eastern Oklahoma is financed and operated under the provision of a contract between the U.S. Bureau of Indian Affairs, Department of the Interior, and the State Department of Education. The supervision of the program is carried out entirely by the State Department of Education as authorized by the Johnson-O'Malley Act of 1936. Prior to 1947, the program was administered by the Indian Bureau.

This Twenty-Eighth Annual Report of Indian Education in Eastern Oklahoma has been prepared by the Division of the Indian Education to comply with State Contract No. GOOC14202276.

We wish to extend our appreciation to Mr. Thomas J. Ellison and his staff members of the Muskogee Area Office for their cooperation and assistance in implementing education programs to improve the educational opportunities of Indian students in Eastern Oklahoma.

Respectfully,

Leslie Fisher
State Superintendent

TWENTY-EIGHTH ANNUAL REPORT OF INDIAN EDUCATION

IN EASTERN OKLAHOMA UNDER STATE CONTRACT

I

INTRODUCTION

The statistical tables for Eastern Oklahoma are outlined below in accordance with State Contract No. G00C14202276.

1. A statistical table giving
   (a) number of schools
   (b) Enrollment and average daily attendance of all students
   (c) Enrollment and average daily attendance of Indian students
   (d) Table IE-5A, Drop-Out Report

2. A table showing the expenditures of contract funds of Eastern Oklahoma for administration and supervision.
3. Any additional tables and information necessary to meet the needs of the State and the Muskogee Area Office may be included, but must be separate and apart from the first two requirements.

For convenience in the preparation and use of this report, the following divisions will be used:

I. Introduction

II. A narrative of the goals in Indian Education in Eastern Oklahoma.

III. Statistical tables in two groups:

(a) Exhibit "A" (1) through "A" (3) meets the minimum requirements of the Manuel.

(b) Exhibits "B" through "C" contains the additional statistics necessary to the efficient operation of the program.

IV Appendix

NARRATIVE

The Indian Division of the State Department of Education experienced many growths during the school year 1974-75, serving 104 school districts and 10,294 eligible Indian students under the jurisdiction of the Muskogee Area Office. Chiefly among them was our effort in community involvement to add greater emphasis on self-determination and extensive program development in the area of academics. Special Education services were extended in 41 school districts, representing 56 separate units, among the following: Educable Mentally Handicapped, 28; Children with Learning Disablities, 15; Trainable Mentally Retarded, 3; Physically Handicapped, 2; Speech Therapy, 5; Gifted, 1; Professional Personnel, 1; Visiting Counselor, 1.

To qualify for Johnson-O'Malley funds under this contract, a school must have an Indian enrollment on file in the office of Indian Education, reflecting a minimum of 10% of their total enrollment to be eligible Indian students. An eligible Indian student is one whose name appears on a given enrollment submitted by the school and has been verified by our office as one-fourth or more degree Indian blood, based on the information requested on the enrollment.

After having established qualifications by the enrollment of eligible Indian students, the schools were then required to have a Community Indian Education Committee of at least five members duly elected by the Indian people of each school district. The purpose of this Committee is to insure Indian parental involvement in determining the educational needs of their children. The primary respon-

sibility of the Committee is to assist the school of its respective district in defining the needs of Indian students, developing projects to be funded by Johnson-O'Malley and to approve the projects submitted to the Indian Division of the State Department of Education.

The amount of Johnson-O'Malley funds a local school district receives is based on the number of eligible Indian students enrolled, financial need of the school and educational needs of the participating Indian students.

During the school year 1974-75, the comprehensive training program for teachers of Indian students was continued. The major objective of this in-service training is to make the teachers more aware of the many unique problems faced by Indian students and to help the teachers better understand the Indian culture and historical background. Two Centers were established with 100 teachers enrolled. The Centers were operated for 8 two-hour sessions and the overall attendance of the participants was 98 percent. The program reached such outstanding success that the second section was developed for the purpose of creating curriculum units of instruction, with 30 teachers re-enrolled. A total of 17 units were developed and will be implemented in the Johnson-O'Malley schools in Eastern Oklahoma communities during the fall term of 1975-76. An expanded study of Teacher Awareness and Curriculum development of units of instruction of tribal culture and history will be forthcoming with the new school year.

In the 1974-75 school year, Regional meetings were held across Eastern Oklahoma to help bridge the communication gap between the Indian communities and the public schools and to gain valuable input in the development of the 1975-76 Educational Plan to govern Johnson-

O'Malley.

A three-day workshop was conducted on the campuses of Northeastern Oklahoma State University, Tahlequah, and East Central Oklahoma State University, Ada, for the local Committee members, or their representatives, for in-service training of their role and responsibilities, and the content of the official Educational Plan for the 1975-76 school year. Two hundred and forty three (243) were in attendance. It was determined in this workshop that better understanding and cooperation between committees and administrators had developed. The input and program support of the Indian committees has opened the door of the new educational horizon for Indian students. To the Division of Indian Education, this determination is an educational breakthrough in meeting the needs of the Indian students and will be an impact on the future allocations to the State of Oklahoma.

Another project during this year was the continuation of the one-week Teacher Aide workshops held on the aforementioned campuses with 139 in attendance.

Again, one of our strongest efforts and accomplishments was in the endeavor of our Area Coordinators who reside in regions with a high concentration of Indian students. They work directly with the students, parents, and schools, making numerous visits in the homes of the Indian patrons, assisting the Indian child to improve his educational opportunity in any area within their capabilities.

There were 104 schools participating in the Johnson-O'Malley program in Eastern Oklahoma during the school year 1974-75, with a total Indian enrollment of 10,294 with an average daily attendance of 85%.

There were 458 graduates for the twelfth grade and 819 from the eighth grade.

Our County Cooperative programs were expanded to include a second speech therapist for McCurtain County, along with Cherokee County. Our full-time tutorial program at Talihina Indian Hospital was continued.

During the 1974-75 school year, an Eastern Oklahoma Johnson-O'Malley State Indian Education Committee was formed. Seven state members were elected by the Indian parents of Eastern Oklahoma. This committee's primary functions are to represent its members' respective regions, to advise the State Central Office, and to provide direct input from the local Committees concerning the operation of Johnson-O'Malley.

Graduating seniors were counseled by a coordinator of the Indian Education Division and informed and encouraged to take advantage of the educational opportunities available through the Bureau of Indian Affairs and other sources for post-high school training. Indian seniors in schools not participating in Johnson-O'Malley are also provided this same service. This counseling service has been highly successful in increasing the number of Indian students pursuing post-high school courses and in guiding them into fields in which they are most likely to be successful.

Special recognition is extended by the Division of Indian Education to the State Indian Education Committees for their untiring efforts and attention devoted to the improvement of the Johnson-O'Malley programs of Eastern Oklahoma.

INDIAN EDUCATION PROGRAM

PUBLIC SCHOOL CONTRACT

STATEMENT OF WORK

101. The Contractor shall provide all necessary qualified personnel, equipment, material and services to perform the activities required to carry out the Educational Services for Indian children in the eastern sector of the State of Oklahoma, under the jurisdiction of the Muskogee Area Office, as more fully detailed herein.

102. SCOPE OF WORK

The Contractor agrees:

(a) To provide education for all Indian students residing in the eastern sector of the State of Oklahoma, under the jurisdiction of the Muskogee Area Office, under the same terms and conditions as for all other citizens of the State.

(b) To secure regular attendance of Indian students in public schools in accordance with the laws of the State and regulations promulgated by the Secretary of the Interior.

(c) To allot to schools enrolling eligible Indian students all funds and aids to which public schools of the State are legally entitled.

(d) To determine and justify the total amount of the contract and the amount allotted to each school district in keeping with the Eastern Oklahoma State Plan formulated by representatives of the State and Bureau of Indian Affairs and approved by the Commissioner of Indian Affairs.

(e) To submit to the Contracting Officer an operational budget to be made a part of this contract and to provide other estimates and reports as may be required by the Contracting Officer or his authorized representatives.

(f) To allot funds provided under this contract only to school districts that (1) have eligible Indian students attending schools, (2) maintain standards of educational service equivalent to those required by the State.

(g) To provide the following cost of services for the Johnson O'Malley Indian Education Program in Eastern Oklahoma: (1) Rent, (2) Utilities, (3) Postage, and (4) State Personnel Fees.

(h) To comply with all provisions of the approved Eastern Oklahoma State Plan which is made a part of this contract. Where there is a conflict between the Eastern Oklahoma State Plan and this contract, the provisions of the contract shall prevail.

(i) To maintain records indicating and proving the degree of Indian blood of Indian students. Final decision as to the degree of Indian blood shall be the responsibility of the Contracting Officer or his authorized representative.

103. ACCESS TO FACILITIES

The Contracting Officer or his authorized representatives shall have access to the schools in which Indian children are enrolled, at any time for observation, consultation, evaluation and examination of records.

104. INSPECTION OF PROGRAMS

The Contractor shall make available to the Contracting Officer or his authorized representatives such records and reports as may be necessary to enable them to conduct inspections of the school program in the schools receiving funds under this contract. The Contractor shall provide the Contracting Officer a copy of the State's annual audit of the Program.

105. APPROVAL

The Contractor shall consult with the Contracting Officer and his authorized representatives before appointing or terminating the services of any employee in the Division of Indian Education, State Department of Education, or any coordinators or other employees when funds provided under this contract are used to pay all or any part of their salary and expenses.

106. DEFINITIONS

(a) The term "authorized representatives", as used in this contract, means those persons designated by the Contracting Officer to perform certain specified functions and duties required or permitted by the terms of the general and specific provisions of the contract. These representatives must be employees of the Muskogee Area, with respect to administration of the contract.

(b) 1. "Indian student" as used in the contract, and as used in the Eastern Oklahoma State Plan means a student of one-fourth or more degree of Indian blood, unless otherwise exempted by law.

2. The term "eligible Indian student'" as used in this contract and "eligible Indian student" as used in the Eastern Oklahoma State Plan in reference to special programs shall mean those students who are verified as one-fourth or more degree of Indian blood and attend a school in which 10 percent or more of their total enrollment is Indian. Schools with less that 10 percent Indian enrollment may qualify for Johnson-O'Malley funds by showing an exceptional need in a specific given area.

3. "State" means the State contracting for the education of Indian students.

(d) The term "School District" is the local unit of school administration as defined by the laws of the State in which it is located.

107. EQUIPMENT RECORDS

Records of all equipment purchased under this contract shall be maintained at both the State and School District level. Equipment shall be identified as having been acquired with contract funds as provided in CLAUSE 321, GOVERNMENT PROPERTY. The Contracting Officer shall be furnished annually a report listing all equipment acquired with Johnson-O'Malley funds which is in the possession of the School Districts and the State. The report shall be in accordance with the provisions of Clause 321, GOVERNMENT PROPERTY.

108. ALLOWABLE VARIANCE IN EXPENDITURES

The Contractor will be permitted to vary up to 10 percent the amount of expenditures in a specific line item in the Operational Budget so long as the total contract amount is not exceeded. Greater variances shall require a request from the Contractor to modify the contract prior to exceeding the limitation.

109. REPORTS

The Contractor shall furnish reports as provided in the Eastern Oklahoma State Plan and as requested by the Contracting Officer.

EASTERN OKLAHOMA EDUCATIONAL PLAN

(For Administration of Johnson-O'Malley Funds)

1974-75

I. PURPOSE:

The purpose of this plan is to: outline the procedures to follow in administering Johnson-O'Malley funds, to define the Indian parental participation role in the development of local education programs, and how the Community Indian Education Committee works cooperatively with the local school developing and carrying out a local program.

II. PROVISIONS:

Johnson-O'Malley funds may be requested by the State for Special Programs Primarily Affecting Indian Students and/or Parental Costs (Kindergarten through Twelfth grade), Administration (State level) and Basic Support. Basic Support funds will be limited to meeting educational problems under extraordinary and unusual circumstances as determined by the Muskogee Area Office and the State Department of Education.

III. HOW A SCHOOL QUALIFIES FOR JOHNSON-O'MALLEY PROGRAMS:

To qualify for Johnson-O'Malley funds from the State, the local school district must meet the following requirements:

(a) A minimum of 10% of the total school enrollment

must be eligible Indian students. Schools with less than 10% Indian enrollment who are currently on the Johnson-O'Malley Program may be approved by the Indian Education Division, State Department of Education, for Johnson-O'Malley funds by showing an exceptional need in a given area based on the availability of funds.

(b) Johnson-O'Malley funds shall supplement and not supplant local and state funds.

(c) The amount of Johnson-O'Malley funds a school district receives is based on three factors: (1) financial need of the school district, (2) number of eligible Indian students enrolled, and (3) improving educational needs of the participants, as determined by the Indian Education Division, State Department of Education.

(d) Eligible Indian students shall include only those who are verified as being one-fourth (¼) or more degree Indian blood, unless excepted by law.

(e) To insure maximum local effort, the school district must levy the full 35 mills.

(f) The local school district must be eligible for and receive State Aid.

(g) Justify the need for Johnson-O'Malley funds after all sources of revenue (local, state, and federal) are considered, including Public Law 874.

(h) When a school has a general fund surplus in excess of 10% of the school district's operating budget, a documented analysis of the district's financial needs must be made by the State before the program can be funded.

IV. PROGRAM DEVELOPMENT AND ROLE OF THE SCHOOL ADMINISTRATOR:

To best meet specific educational needs of Indian students it shall be the responsibility of the local school administrator and the Community Indian Education Committee to jointly develop special programs. They must collect base line data, make accurate needs assessments, set up sequential priorities of educational deficiencies and submit proposed project(s) and budgetary breakdowns to the State by June 15th annually.

(a) The local school administrator will give public notice at least five working days in advance to all parents and/or guardians of Indian students attending said school that an annual election is to be held on school-owned property for the purpose of filling expired terms of Community Indian Education Committee members. The term of office shall be two (2) years. In odd calendar years, there will be elected three (3) members. The date is to be the first Tuesday in February between the hours of 6:00 and 9:00 p.m. The current Community Indian Education Committee will be in charge of the election procedures. The new Committee will take office the date of their election.

(b) The school administrator shall submit to the Indian Division of the State Department of Education in proposal form giving a brief description of the project(s) and duties to be performed by each Johnson-O'Malley funded employee, project goals and objectives, methods of evaluation, project title, grade level assigned, total number of students enrolled in the project, total number of Indian students enrolled, teacher aide

supervisor, total cost of project, and total amount requested from the Indian Education Divison.

(c) The proposal(s) shall indicate the involvement and approval of the Community Indian Education Committee by the individual hand-written signatures of the majority of the Committee.

(d) When it is necessary to modify an existing project, it must be approved in advance by the local Community Indian Education Committee and the Indian Education Division.

(e) All personnel employed with the assistance of Johnson-O'Malley funds will be governed by the official policies of the school district in which they are employed.

(f) Funds for special programs may be requested by local school districts for a variety of services that directly or indirectly improve the educational opportunities of Indian students. Special Programs may include, but are not limited to the following: remedial education, compensatory education, counseling and guidance, teacher aides, tutorial programs, summer programs, inservice training for teachers, teacher aides, Community Indian Education Committees, School Board members and tribal leaders, arts and crafts, special teachers in specialized areas, supplies and equipment, and Parental Cost.

(g) In implementing Special Programs, Johnson-O'Malley funds shall not be used to foster segregation in accordance with Civil Rights legislation of 1964.

(h) Upon receipt and approval of properly executed State claims, supported by copies of paid school claims and/or invoices, the Indian Division of the State Department of Education will reimburse the local school district monthly, for actual expenditures of approved Johnson-O'Malley programs.

(i) Equipment purchased with the assistance of Johnson-O'Malley funds will be identified and will remain the property of the United States Government. An annual inventory will be submitted to the Indian Education Division of the State Department of Education by the school administrator.

V. ROLE AND FUNCTION OF COMMUNITY INDIAN EDUCATION COMMITTEE:

(a) All members of the Community Indian Education Committee must be residents of the local school district's transportation area. The majority of the Committee shall be composed of Indian parents. School employees, school board members, and their spouses are not eligible to serve on the Committee.

(b) By a majority vote of the district Community Indian Education Committee, they shall have the authority to organize and govern themselves in respect to the number of meetings, filling vacancies, electing officers, and conducting all business that is in their area of responsibility.

(c) The Committee has no hiring or firing authority; they are limited to making recommendations. This provision is non-negotiable due to State law.

(d) The primary responsibility of the Community Indian Education Committee shall be to assist in defining the needs of Indian students, developing projects to be funded by Johnson-O'Malley and to approve the programs submitted to the Indian Education Division of the State Department of Education. They shall assist in the evaluation of the educational projects. It shall be the responsibility of the Community Indian Education Committee to determine the eligible Parental Cost items requested in the project.

VI. PARENTAL COST AND STUDENT ELIGIBILITY GUIDELINES:

(a) For a student to receive Parental Cost assistance, he must have been verified as to ¼ or more degree Indian blood, unless excepted by law, by the Indian Education Division.

(b) Parental Cost is a financial need program, therefore, students must be certified as eligible. The criteria established by the United States Department of Agriculture for the free or reduced School Lunch Program will be used to make this determination.

(c) Parental Cost payments may be made in an emergency to eligible students after consideration and approval by a majority of the Community Indian Education Committee to meet immediate needs. Compliance with Article VI, Section (b) must be documented; any such awards are subject to availability of local funds.

(d) Documented evidence must be presented, upon request, to the Indian Education Division that consideration was given to all eligible Indian students, Kindergarten through twelfth grade.

(e) All Parental Cost expenses will be paid and accounted for by the Board of Education of the local school district in accordance with Oklahoma State Laws.

(f) An eligible Parental Expense is any item the majority of the Community Indian Education Committee determines will improve the educational opportunity of an eligible Indian student, and that no funds from the school's general fund account was used to purchase the same item for a non-Indian student. All Parental Cost items must become the personal property of the eligible student for which it was purchased.

(g) The exception to personal ownership is band instruments. Band instruments are an eligible Parental Cost item on a lease-purchase agreement and will remain the property of the United States government. The school is responsible for its proper care and inventory and shall make the instrument available to any eligible Indian student upon request.

(h) Parental Cost allocations must not exceed 20% of the school's current total Johnson-O'Malley funds.

VII. NON-PARTICIPATING SCHOOLS:

(a) The Community Indian Education Committee can apply for and administer Parental Cost Expenses for students attending a school qualified to receive Johnson-O'Malley funds but refuses to participate in the program, by meeting the following provisions:

1. Be requested by a group of interested Indian parents or tribal leaders of the local school district.
2. The Parental Cost allocation to qualify, non-participating schools will be $20.00 per eligible student. Section (b) or (c) and (d) of Article VI must apply for distribution by Committee.
3. All requests for Parental Cost items must be signed by a majority of the Community Indian Education Committee and submitted to the Indian Division of the State Department of Education for approval prior to purchase.
4. All payments for purchased items will be made by the Indian Education Division of the State Department of Education.

VII. DUTIES AND QUALIFICATIONS OF AIDES

(a) Teacher aides will be assigned to and work directly under a certified teacher, performing all duties which are directly related to assisting the teacher(s) in their official responsibilities.

EXAMPLE 1:

(A teacher aide would be eligible to serve as a librarian in an auxiliary library providing that a full time certified librarian was employed in the system.)

EXAMPLE 2:

(A teacher aide could not be authorized to perform clerical responsibilities other than those assigned to the supervising teacher.)

(b) Supportive services aides (Home school aides, health aides, etc.) will have their duties defined by the administrator of the school district after the Community Indian Education Committee has been consulted.

(c) Aides must meet one of the following qualifications:

1. Have been awarded a high school diploma;
2. Passed the General Education Development Test, or
3. Have conversational ability in the dominant Indian language of the area. (The Community Indian Education Committee will be consulted by those seeking employment under the qualifications of being conversational in the dominant Indian language of the area).

IX. ROLE AND FUNCTION OF THE INDIAN EDUCATION DIVISION OF THE STATE DEPARTMENT OF EDUCATION AND THE BUREAU OF INDIAN AFFAIRS:

The Indian Education Division of the State Department of Education shall submit to the Bureau of Indian Affairs, a budget estimate on or before March 15th each year for the second succeeding fiscal year. The budget request shall be accompanied by justifications based on the best available information from schools working in cooperation with local Community Indian Education Committees. On or before March 15th, an annual review of the proposed Johnson-O'Malley Program and budget shall be made by State, elected tribal leaders, and Bureau officials. Based on this review, availability of funds and visitations to schools, a preliminary State Johnson-O'Malley contract is negotiated between the Bureau of Indian Affairs and the State Department of Education. An annual report shall be submitted on or before October 15th each year, and shall contain narrative and statistical information regarding the Johnson-O'Malley Program in the previous school year.

(a) Normally, administration costs should not exceed 5% of the total budget.

(b) The State Department of Education will provide (1) office rent, (2) utilities, (3) postage, and (4) State Personnel fees for the administration of the Johnson-O'Malley Program.

(c) Any unobligated funds received from the Bureau of Indian Affairs for any fiscal year shall be credited to the Johnson-O'Malley budget for the ensuing fiscal year.

(d) Periodic and annual visitations to Johnson-O'Malley schools are to be made by State Johnson-O'Malley personnel. When it is the desire of Bureau officials and members of the Johnson-O'Malley Committees to visit these schools for the purpose of observation they may do so under "Access to Facilities" clause of the Public School Contract, and it shall be a joint venture

with Johnson-O'Malley personnel. Visits are to be made to the extent possible within budget and time limitations. Johnson-O'Malley personnel may visit schools enrolling Indian students that are not supported by Johnson-O'Malley funds for the purpose of informing school administrators that assistance may be available to educate their Indian student population if they qualify. Program deficiencies that exist which cannot be fully funded locally or through other sources will form the basis for further Johnson-O-Malley budgetary requests.

(e) The Bureau of Indian Affairs will be responsible for an annual evaluation of Johnson-O'Malley programs. They will make copies available to the school, Community Indian Education Committee, and the Indian Education Division of the State Department of Education.

(f) It shall be the responsibility of the Bureau of Indian Affairs to provide technical assistance to the Community Indian Education Committee in program development as may be required.

This Eastern Oklahoma State Plan is in complete agreement with the Federal Johnson-O'Malley regulations and is not in conflict with Oklahoma State School Laws.
